Following is further information on the subject you mentioned this morning:

██████████ phoned today asking for 3 copies each of the June 25 and 29 White Book. Says Director most unhappy with Lippman's column in today's Post in which Lippman says Gromyko's statement (broadcast 28 June and published in our 29 June Report - EBB1) was available some days later through a Soviet Embassy handout. Note: Lippman is on our mailing list.
